

Presumpscot School Work Plan - 2016-2017

Work Plan Overview: The table below will provide an “at a glance” summary of the multi-year impact goals, annual performance benchmarks across all three dimensions, high-level data points, implementation priorities for this year, and the foundational leadership goal. This summary should be shared with stakeholders and could be used with some in lieu of the comprehensive work plan.

	Mastery of Knowledge and Skills	Character (page 3)	High Quality Work
4-Year Impact Goals These are multi-year goals that lead to credentialing.	All students will become more proficient readers, writers, speakers and listeners and more proficient mathematicians.	By blending Responsive Classroom and <i>Management in the Active Classroom</i> practices, and using rubrics that track mastery of our performance character traits (responsibility, collaboration and perseverance), students will become responsible citizens and active learners who care for their school environment.	Students will develop the capacity required to create work that demonstrates the attributes of complexity, authenticity and craftsmanship.
2016-17 Performance Benchmarks These are annual goals that serve as steps towards the 4-Year Goals	We will plan and implement lessons that are challenging, engaging and empower students. <ul style="list-style-type: none"> 70% or more of students will meet their annual growth targets in math and ELA on the NWEA MAP assessment. 	By blending Responsive Classroom and <i>Management in the Active Classroom</i> practices, and using rubrics that track mastery of our performance character traits (responsibility, collaboration and perseverance), students will become responsible citizens and active learners who care for their school community.	Students will develop the capacity required to create work that demonstrates the attributes of complexity, authenticity and craftsmanship. Students will show growth particularly in the area of complexity.
2016-17 Implementation Priorities the high-leverage Core Practices that will be the focus for this year’s work. Strive	CP10: Planning Effective Lessons	CP25: Building a Community of Learning; CP26: Fostering Character	CP7: Producing High-Quality Student Work

for no more than 5-7 per year.			
2016-17 Leadership Goal	We will lead Presumpscot through the data collection and management needed to become credentialed at the end of SY 17.		

Supporting Faculty Learning Targets named by staff during PD on 8/23/16 listed in WP in red

4-Year MKS Impact Goal #1: All students will become more proficient readers, writers, speakers and listeners and more proficient mathematicians.
<p>2016-17 MKS Performance Benchmarks: We will plan and implement lessons that challenge, engage and empower students.</p> <ul style="list-style-type: none"> 70% or more of students will meet their annual growth targets in math and ELA on the NWEA MAP assessment.
<p>Rationale (How will this year's implementation priorities move you towards meeting this year's MKS Performance Benchmarks?): If teachers plan lessons that challenge, engage, and empower students, then students will produce work that demonstrates mastery of skills and knowledge, and demonstrates depth and complexity.</p>
<p>Implementation Priorities: CP10: Planning Effective Lessons</p>

Leadership and Faculty Learning Targets	Structures and Leadership Actions	EL Support and Services	Data Points/Evidence for Monitoring Progress
<p>I can plan and implement lessons that challenge, engage and empower students.</p> <ol style="list-style-type: none"> I can design and implement targets and tasks that demand higher order thinking skills. <ol style="list-style-type: none"> Create a common language for and understanding of higher order thinking skills. Be well versed in the learning 	<p>EL lesson planning templates</p> <p>Coaching Cycles Data Dialogue Sacred Block Schedule Wednesday Early PD Provide exemplars (video) of other teachers/schools modeling practices Videotaping or peer observations</p>		<p>Evidence of Student Growth</p> <p>Baseline Third grade data? <i>Learning Walk</i> <i>Student Survey</i> NWEA, CPAA, F&P</p> <p>Mid-Year: NWEA, CPAA, F&P <i>Learning Walk</i></p> <p>End-of-Year:</p>

<p>objectives of the curricula we use.</p> <ul style="list-style-type: none"> c. Build assessment into our tasks. d. Collect resources to help each other understand what tasks demand higher order thinking skills (google doc to share/debrief what we try) e. Create examples of higher order thinking targets/tasks/skills. f. Be able to measure “complexity” across grade levels. g. Time to develop and implement tasks that use higher order thinking skills h. An understanding of how developmental stages interact with defining complexity at different grade levels. <p>2. I can plan and implement lesson debriefs so that students reflect on their progress toward the learning target and to inform instruction.</p> <ul style="list-style-type: none"> a. Establish a toolbox of debrief questions/protocols shared across grade level or schoolwide. b. Time management <p>3. I can challenge students with grapples.</p> <ul style="list-style-type: none"> a. Protocols for discussion and group work. <p>4. I can meet the needs of my diverse learners by designing and using flexible scaffolds, and implementing skill-based groups to strengthen comprehension across content</p>	<p>Learning walks - increase in number (at least one/trimester)</p> <p>I can utilize existing math structures (Math Message and Open Response) so that students can construct viable arguments and critique the reasoning of others.</p> <p><i>Visible Learning for Literacy</i> <i>Learning That Lasts</i> book Reading Strategies Book</p> <p>I can build structures and tools to create an independent reading block...? What does independent reading look like?</p> <ul style="list-style-type: none"> ● Book boxes 		<p>Learning Walk 70% of students grades 3-5 will meet Annual Growth Targets on NWEA (reading and math) Math: K-2 scaled score average of 3 of 4 domains will be at least 78 on the CPAA 75% of students in grades K-2 will be proficient in math, as measured by CPAA 65% of students in grades K-2 will meet end of year district Fountas and Pinnell benchmarks. 70% of students in grades 3-5 will meet their projected growth targets on the NWEA.</p> <p>Evidence of Staff Growth There will be an increase in teachers’ planning and implementing lessons that challenge, engage and empower students as evidenced by common Lesson Planning Template There will be an increase in teachers debriefing lessons with students.</p> <p>Baseline:</p> <p>Mid-Year:</p> <p>End-of-Year:</p>

_____ School- 2016-17 EL Education Professional Development Plan
The long-term goal is to build the internal capacity of every member of the school staff. In order to maximize your relationship with EL, it is essential that instructional leaders work alongside school designers whenever possible. Think strategically about how leaders and school designers' work with teachers or teams can impact school-wide implementation.

Use the calendar below to plan out how the learning and structures will be sequenced and scheduled in support of the goals.			
September Culture/Beginning of the Year Learning Walk (Emily L) Work Plan/PD Plan for the Year	October Higher Order Targets & Task	November	December
January	February	March	April
May	June	July	August
